QUALITY YOU CAN TRUST / VALUE YOU CAN COUNT ON

Your Warranty Documents

Hello and welcome to Warranties 4U

Thank you for choosing Warranties 4U and congratulations on your new warranty cover. We're honoured you've trusted us to help protect your investment.

Our team is here to provide reliable cover and support whenever you need it. Please keep this booklet safe with your warranty schedule, as you may need both when making a claim.

Inside, you'll find important information about:

- **Keeping your warranty valid**
- **What is and isn't covered**
- **How to make a claim**
- **Full terms and conditions**

This warranty is designed to help reduce unexpected repair costs, and we're here to support you throughout.

Please note: This is not an insurance product and is not regulated by the Financial Conduct Authority.

IMPORTANT: All repairs must be authorised by us before any work is carried out. We cannot cover unauthorised repairs.

YOUR
RESPONSIBILITIES

To ensure your warranty remains valid, you'll need to meet the following requirements:

- Make sure your vehicle is serviced in line with the manufacturer's schedule at a VAT registered garage. You have a 28 day window from the service due date to get this done. Your vehicle must always be roadworthy, legally compliant, insured, with a valid MOT and up to date road tax.

- Keep all service receipts and invoices as proof that required maintenance has been carried out. You may need to provide these documents when making a claim, so having them available can help prevent delays or issues during the process.

- Carry out routine maintenance on your vehicle as needed, ensuring it is kept in good working order at all times. Failure to maintain the vehicle properly may lead to problems that could have been prevented, and in such cases, we will not cover the cost of any resulting repairs.

- Follow the claims procedure outlined in this document. It's straightforward, but it's essential that you follow it exactly for your claim to be considered. .

- Do not ignore any warning lights on your vehicle, as this could worsen the issue and impact our decision. Any potentially covered faults must be reported to us immediately.

FAILURE TO MEET THESE REQUIREMENTS MAY RESULT IN YOUR COVER BEING INVALID.

WARRANTY COVER

Unexpected vehicle issues can quickly become costly if you don't have a warranty in place. Our cover is designed to protect you from those surprise expenses, giving you confidence on the road. With access to a wide range of benefits and support from our approachable, knowledgeable team, help is always available when you need it.

We contribute towards repair costs, including parts, labour, and VAT, up to the agreed claim limit. Below is a brief overview of what's included, but for full details and any exclusions, please check the relevant sections of your warranty documents.

Important: Terms and conditions apply. Refer to your warranty schedule or contact us for guidance.

As one of the UK's leading warranty providers, our plans cover an extensive number of components over 12,000 parts making it impractical to list everything individually.

In general, most mechanical, electrical, and electronic components are protected against failure.

To keep things straightforward, we offer two levels of cover: Core and Ultra. A summary of each is outlined below.

CORE

Comprehensive coverage with specific limitations and conditions applied.

ULTRA

Provides the same level of coverage as Core Cover, but without restrictions, offering full protection for all covered components up to the stated claim limit.

For vehicles of Any Age and Any Mileage: Wear and Tear is included on all covered parts until your vehicle reaches 125,000 miles.
At this point, the wear and tear element ceases but everything else remains the same.

Most parts under these sections are included:

See relevant section in the policy booklet for specific details

- Air Conditioning System
- Main 12 Volt battery - for the first 6 months of your cover
- Braking system
- Camshaft timing Belt / Chain Including Rattle

GENERAL EXCLUSIONS

There are, of course, certain situations that fall outside the scope of cover. These include:

- Anything listed under the parts, faults, and repair exclusions (please refer to the relevant section of this handbook).
- Cases where you have not met your contractual obligations (see the appropriate section for details).
- Vehicles that are not maintained in a roadworthy condition or fail to comply with current legal requirements.
- Repairs carried out without prior authorisation from us.
- Faults that already existed at the start of your cover.
- Work that does not qualify as a mechanical breakdown or electrical/electronic failure. This includes routine servicing, MOTs, inspections, general maintenance, or replacement of parts that have not failed but are recommended by the manufacturer as part of normal upkeep.
- Wear and tear once the vehicle has exceeded 125,000 miles, or where a component has simply reached the end of its service life.

While consequential damage is included within your level of cover, the following conditions apply. Consequential damage refers to harm caused to other components as a result of a covered part failing. Claims for such damage are limited to £1,000 (including VAT), and we will only contribute towards damage affecting covered parts.

We will not cover damage if the vehicle continues to be driven after a fault has become evident.
We are not liable for any claims relating to personal injury, accidents or road hazards, death, damage to third-party property, loss of income, incidental expenses, theft, acts of war, civil unrest, vandalism, or severe weather. We also do not cover losses caused directly or indirectly by a repairer, or any losses already covered under another insurance policy, warranty, finance agreement, guarantee, or repair arrangement (including manufacturer warranties and motor insurance).

Finally, no claims will be accepted where the odometer has been altered, tampered with, or disconnected in a way that affects the recorded mileage.

WE CAN NOT COVER VEHICLES

We are also unable to provide cover for the following:

- Commercial vehicles (including car-derived vans) with a gross weight exceeding 3,500kg. Commercial vehicles are limited to 2,000 miles per month unless otherwise agreed.

- Modified vehicles, unless the modifications have been approved by us in writing within 14 days of the cover start date.

- Custom-built vehicles, or any vehicles used for commercial or business purposes. This includes (but is not limited to) dispatch work, taxi use (hire and reward), driving instruction, chauffeuring, off-road use, illegal activities, road racing, track days (timed or untimed), rallying, pace making, speed testing, or any form of competitive event.

- Any vehicle owned by a company, individual, or employee operating within the motor trade.

- Vehicles that have previously been declared a total loss (insurance write-offs) by an insurer.

HOW TO
MAKE A CLAIM

Important: All repairs must be authorised by us before work can commence. Failure to do so will result in us being unable to pay your claim

Follow the steps below

1. If your vehicle develops a fault, follow these steps:
2. Book your car into a garage for diagnosis and a repair estimate.
3. Complete the claims form on our website: **www.warranties4U.co.uk**
4. After diagnosis, email us the following:
    - The diagnostic report
    - The repair estimate
    - Your vehicle registration number & Warranty holders name
    - A breakdown of parts, labour hours, and costs (including VAT)
    - Send this to: **claims@warranties4U.co.uk**

    Important: Do not start any repairs until you have completed the claim form and received a response from us. We won't be able to consider claims for work already carried out.

5. Once we confirm what is covered, we'll email you with the approved repairs.
6. You can then go ahead with the work.
7. After the repair is completed, our accounts team will arrange payment.

Important: If you choose to have the repairer begin work without our approval, please be aware that your claim may be rejected, as this prevents us from inspecting the vehicle and identifying the cause of the issue. In such cases, you will be liable for any additional parts and labour costs, as well as any repairs not included in your plan

How to receive payment: Once the repair has been completed, either you or the repairer should email a copy of the repair invoice to claims@warranties4u.co.uk, together with any additional documents we have requested. Please ensure the invoice is issued in the name of Warranties 4 U LTD; otherwise, we will not be unable to reimburse the VAT portion.

REMEMBER: YOUR CLAIM CAN ONLY BE PAID IF THIS PROCESS IS FOLLOWED CORRECTLY. PLEASE NOTE OUR STANDARD TERMS FOR PAYMENT DATES

CLAIMS TERMS & CONDITIONS

In addition to the terms on the previous page, there are some other important things you need to be aware of when requiring claims assistance:

- We reserve the right to make contact with repair garages to discuss any potential liability and to appoint the garage and/or parts supplier involved. We may also choose to use exchange or reconditioned guaranteed components, and to have any parts examined or sent away for inspection or refurbishment where necessary.
- Where a repair or replacement results in an improvement or enhancement of the vehicle beyond its condition prior to failure, we may, at our reasonable discretion, request a contribution from you towards the cost of the repair. This will always be discussed with you before work begins, taking into account the vehicle's age, mileage, and the expense of returning it to its pre-breakdown condition.
- If the reason for the failure cannot be identified through initial diagnosis, it may be necessary for the vehicle to be partially or fully dismantled for a claim to proceed. This will only be carried out with your approval, and any costs incurred will remain your responsibility until the claim is authorised.
- To determine liability, we may at times appoint an independent assessor to inspect the vehicle and provide a report. Their findings will be final and binding on all parties. If, under agreed arrangements, the vehicle is unavailable for inspection or the assessor is unable to complete their assessment (for example, if the vehicle has not been stripped as required), we reserve the right to deduct the cost of any additional inspection visit from the approved claim amount.
- Repair durations are calculated in line with the repair time definitions set out in the contents section and at the agreed labour rate. Our liability will be determined based on these published repair times for the relevant work.
- All faults must be reported to us without delay.
- You may be asked to provide evidence of servicing, such as a recent VAT-registered garage service invoice, before any repair approval can be granted.
- Once authorisation has been issued, you will have 45 days to complete the repairs and submit the invoice for payment. After this period, the claim will be withdrawn and no payment will be made.
- This warranty covers a single repair per individual covered component.
- If multiple components fail at the same time and the claim is accepted, they will be treated as a single claim.
- Any false or fraudulent claim will render the warranty void, and we reserve the right to pursue legal action in all such cases.

CLAIMS PROCEDURE

Approved Repairers
We recommend that you use one of our approved repairers for any non-emergency repairs. However, you are free to choose any VAT registered garage to carry out the work if you prefer.

Dashboard Warning Messages

- If a warning light appears on your dashboard, you should stop using the vehicle and consult the manufacturer's guidance. Only continue driving if the manufacturer confirms it is safe to do so.
- A warning light or a fault code from your vehicle's on-board diagnostics (OBD) system may suggest a potential issue, but it does not on its own confirm a breakdown or part failure. It should be checked as soon as possible, and you must notify us of the issue.
- You should also stop using the vehicle if you notice any other signs of a problem, such as unusual noises, vibrations, or any leaks of fluid or water. If further damage occurs because the vehicle continues to be driven after a fault is noticed, we will not contribute towards the repair costs.
- If you become aware of a fault, and it is safe to do so, you should take the vehicle to a repairer without delay.
- Do not authorise or proceed with any repairs until we have reviewed the claim and given you written approval.
- If your vehicle is not drivable and you are away from home, you can contact our 24/7 emergency roadside assistance and recovery service on 0203 668 1569

Information Required from the Repairer
When you take your vehicle to a garage, please ask them to complete a full diagnostic report and email it to claims@warranties4u.co.uk. We must receive this within 7 days of you first reporting the fault.

The following details must be included:

- Vehicle registration, your name, and your address
- A description of the suspected faulty component, including part numbers where available
- The date the fault first occurred
- A detailed repair quotation, clearly listing diagnostic charges, parts, labour, and VAT
- Any printed OBD (on-board diagnostics) reports

Once we have received all the required information, we will deal directly with you or your repairer to progress your warranty claim.

IMPORTANT: It is your responsibility to approve any diagnostic work or vehicle dismantling required to determine the source of a fault. Your warranty will only cover diagnostic and dismantling costs if we have agreed in advance that these can be included in your claim; otherwise, you will be liable for these charges.
Once we have received all necessary information, we will notify you and your repairer whether the repair is covered under your warranty. If it is approved, we will confirm the authorised claim amount. Where applicable, you will remain responsible for any costs that go beyond the approved limit.

GENERAL **CONDITIONS**

1. You are required to follow all terms and conditions set out in this warranty, including those under 'Your Responsibilities'. Any responsibility we have is dependent on your compliance with these terms and the accuracy of the information you provide.
2. If any information you supply is false or misleading, we may treat your application as fraudulent and cancel your cover without refund. If we have already made payments due to dishonest or exaggerated claims, your cover will be void immediately and no reimbursement will be given. We also reserve the right to pursue legal action to recover any costs incurred. Any such proceedings will take place in the courts of England and Wales.
3. You must provide all information and assistance we reasonably request in order to deliver services under this plan, including where we seek to exercise rights against manufacturers, repairers, suppliers, or other third parties.
4. You must allow us unrestricted access to inspect the vehicle at any time following a claim.
5. It is your responsibility to authorise any repair work and to cover the costs if it is later determined that the repair is not covered under this warranty.
6. This warranty operates under English law, which will apply unless you request an alternative legal jurisdiction and we agree to it within 30 days from the start of your cover. All correspondence relating to your warranty will be conducted in English.
7. We may, from time to time, update the terms of this warranty, including changes to wording, component coverage, or to comply with new laws and regulations. The most recent version of the terms and conditions can be obtained by contacting admin@warranties4u.com.
8. No changes may be made to this document without our prior approval. This warranty is provided in addition to any statutory rights you may have.
9. At our discretion and subject to approval, you may be offered an upgrade to your cover (if eligible) within 4 weeks of commencement, as well as the option to renew up to 30 days before expiry. By purchasing this warranty, you consent to being contacted regarding these opportunities.
10. We maintain a zero tolerance policy towards abusive, defamatory, or inappropriate behaviour. If such conduct occurs, we may cancel your cover and, where appropriate, take legal action to recover any associated costs or damages.
11. We reserve the right to withdraw a previously authorised claim without providing a reason.

IMPORTANT **INFORMATION**

Payments and premiums

When upgrading or renewing your cover directly with us, payment can be made using a debit or credit card.

Cancellation

You may cancel your cover within 14 days of the start date. If the policy was purchased via a dealer, any refund will be subject to the dealer's own warranty refund terms where applicable. For policies bought directly from us, a full refund will be issued provided no claims have been made within the 14 day period. After 14 days, no refunds are available.

Transferring your cover to a new owner

If you sell your vehicle, you can request to transfer the cover to the new owner, as long as they are not involved in the motor trade. A £35 administration fee will apply. To begin the process, email admin@warranties4u.co.uk with the new owner's details and the vehicle registration number, and we will contact you to arrange payment.

Complaints

If something goes wrong or you are unhappy with our service or a repair decision, please contact us so we can look into it and resolve the issue. Send your complaint to admin@warranties4u.co.uk. We will acknowledge your complaint within 3 working days and aim to respond fully within 14 working days, often sooner.

Discretion

We apply our own judgement to ensure fair and reasonable outcomes for all claims. If you remain dissatisfied after following our complaints process, the final decision will be made by our Directors. This does not affect your statutory rights.

Your personal data

We act as the Data Controller for any personal information you provide. This means we have a legitimate interest in collecting, storing, and sharing your data within our group of companies to manage your cover and deliver services to you. Your data may also be shared with repairers, dealers, suppliers, or other relevant third parties where necessary. It may be used to contact you about your cover, for direct marketing (where you have opted in), service improvement, legal and regulatory compliance, or crime prevention purposes.

You have the right to access and correct your personal data at any time and can update your communication preferences by contacting us. Full details of how we use your data can be found at www.warranties4u.co.uk/privacy.

For any data related queries, you can email admin@warranties4u.co.uk.

See separately our full terms and conditions document.

RECOVERY OVERVIEW

Breakdown Cover - What is Covered

1. Breakdown assistance is provided up to the claim limit stated in your warranty, inclusive of VAT. Where reasonably possible, roadside assistance will be arranged to repair the vehicle at the scene. If this cannot be achieved, recovery will be provided to a suitable garage within a 25 mile radius from the point of breakdown. Driver cover applies to any authorised individual who is legally permitted to operate the vehicle.
2. To qualify for assistance, the vehicle must be maintained in a roadworthy condition and comply with all legal requirements for use on public roads.
3. There is no limit to the number of call-outs during the period of cover. However, repeated requests relating to the same unresolved issue are excluded.
4. Eligible Vehicles - Cover applies to cars, vans, and motorcycles that do not exceed:
    - 3.5 tonnes in weight
    - 5.5 metres in length
    - 2.55 metres in width
    - Caravans, trailers, and motorhomes with living accommodation are also included, provided they fall within these limits.
5. Tyres and Wheels - Assistance for punctures and wheel replacement is included, provided that:
    - A locking wheel nut key is available (if required)
    - A usable and accessible spare wheel or tyre is present
    - Wheel nuts can be safely removed at the roadside
    - If a roadside repair or replacement is not possible, the vehicle will be recovered to the nearest suitable garage within 25 miles.
6. Fuel, Battery and Related Incidents - In the event of misfuelling, running out of fuel, or a depleted electric battery, recovery will be arranged to the nearest garage within 25 miles. The cost of fuel or battery recharging is not included and must be paid separately.
7. Keys and Vehicle Access - Assistance will be provided where keys are locked inside the vehicle, lost, or damaged. Any costs associated with replacement keys are not covered.
8. AdBlue (Diesel Vehicles) - If the vehicle runs out of AdBlue, assistance will be provided. The cost of AdBlue fluid is not included.

Breakdown Cover - What is NOT Covered

1. In addition to the general exclusions outlined in your main warranty terms, the following are not included under breakdown cover:
2. Repeated transportation for the same unresolved fault, including moving the vehicle between locations after the initial recovery.
3. Vehicles exceeding the stated size or weight limits (3.5 tonnes, 5.5 metres length, 2.55 metres width).
4. Multiple call-outs for the same ongoing or recurring issue.
5. Breakdowns occurring outside of the UK, or at the registered home address (home start is not included).
6. Faults arising from user error, such as flat batteries caused by leaving lights or electrical systems switched on.
7. Any additional or indirect costs, including but not limited to:
    - Replacement parts, fuel, or consumables
    - Consequential losses of any kind
    - Food, drink, or communication expenses
    - Specialist recovery equipment or additional service charges
    - Fines, penalties, or legal costs
8. Situations where the vehicle cannot be safely accessed or recovered, including:
    - Vehicles stuck in mud, sand, water, or affected by extreme weather
    - Vehicles that are submerged or immobilised
    - Locations that are unsafe, restricted, or inaccessible
    - Vehicles on private land without permission for access
    - Vehicles on transporters or trailers that cannot be safely recovered
9. Breakdowns requiring specialist repair facilities.
10. Vehicles that are not road legal or have a known fault prior to the breakdown.
11. Cases where the vehicle is not permanently repaired, including repeated assistance following temporary fixes, or where the vehicle is scrapped or abandoned.
12. Storage charges or any related holding fees.
13. Any loss, cost, or expense not specifically stated as covered under this agreement.

Important: Please review the full breakdown and recovery terms and conditions outlined in the warranty documentation.
